Shoot Venue	APJ Kalam Block & Campus Lawns, CUAP	**Instagram Tag**	@iitbombay_ecell (NEC Logo Visible)

1. Submission Details

Every year, a new batch of students enters Central University of Andhra Pradesh with limited awareness of entrepreneurship and the opportunities offered by CUAP E-Cell. Through our Freshers' Introduction Video ("Freshers Unfiltered"), we engaged incoming first-year students across departments with fun, candid questions on startups and E-Cell, followed by clear formal explanations.

1. **Link of the video:** Drive Link (https://drive.google.com/file/d/1XWqZpOnPTJi3EVKyQKJiKy70P6M14Ukf/view?usp=sharing)
2. **Link of the post on Instagram inviting freshers for the intro video shoot (NEC logo is visible on the post and E-Cell, IIT Bombay @iitbombay_ecell is tagged):** Post Link (Official CUAP E-Cell Instagram Invitation Post)

3. **Link to the PDF containing the questions asked and the formal answers provided:** Drive Link (https://drive.google.com/file/d/17Hhj4AphCTxhJ4NvH0QTVvcHl7zDWA7T/view?usp=sharing)

2. Poster & Video Shoot Execution Plan

Our Freshie Intro shoot connects directly with Phase 1 of our flagship event, Launchpad ("Freshers to Founders"). The invitation poster uses our signature torn-paper and stencil visual identity in purple, yellow, and blue, prominently displaying the NEC 2026 logo alongside the CUAP E-Cell logo and tagging @iitbombay_ecell on Instagram.

Stage	Activity	Details & Execution
1. Poster & Invite	Instagram Invitation Post	Designed poster inviting freshers to the intro video shoot; uploaded on Instagram with the NEC 2026 logo clearly visible and @iitbombay_ecell tagged.
2. On-Campus Vox-Pop	Candid Fresher Interviews	Roving mic sessions at APJ Kalam Block, campus lawns, library, and canteen asking freshers 10 structured questions on entrepreneurship and E-Cell.
3. Formal Explainer	Post-Question Short Answers	After showcasing funny and unfiltered student answers for each prompt, the anchor/title card presents the formal answer to educate viewers.
4. Post-Production	10–15 Min Final Cut	Compiled high-energy student bytes, formal answer cards, bloopers, and a closing call-to-action inviting freshers to join CUAP E-Cell.

3. Questions Asked & Formal Answers Provided

Below is the complete list of questions asked to first-year students during the Freshers' Introduction Video shoot, the typical funny/unfiltered fresher responses captured on camera, and the formal answers provided after each question in the video.

Q1. What is entrepreneurship, according to you? (Wrong and funny answers welcome!)

Highlights of Funny/Unfiltered Fresher Answers: *"Opening a chai tapri outside the hostel at 2 AM", "Becoming Shark Tank's next Ashneer Grover", "Dropping out of college to sell courses online."*
Formal Answer Provided in Video: Entrepreneurship is the process of identifying a real-world problem, creating an innovative solution for it, and building a sustainable, scalable venture around that solution. It is not just about starting a company—it is a problem-solving mindset that turns ideas into measurable impact.

Q2. Who is an entrepreneur? Name the first entrepreneur that comes to your mind!

Highlights of Funny/Unfiltered Fresher Answers: *"Elon Musk", "Ratan Tata", "Ambani", "Our campus photocopy shop bhaiya who charges double during exams!"*
Formal Answer Provided in Video: An entrepreneur is an individual who spots an opportunity where others see inconvenience, takes calculated risks, mobilizes resources, and builds a venture to fill a gap in the market. Anyone who creates new value through initiative, innovation, and risk-taking is an entrepreneur.

Q3. What is the difference between a traditional business and a startup?

Highlights of Funny/Unfiltered Fresher Answers: *"Startups have bean bags and free coffee; businesses have strict bosses", "Startups run on losses, businesses make money."*
Formal Answer Provided in Video: While both aim to create value and revenue, the key difference lies in innovation and scalability. A traditional business replicates an existing, proven model for a local market (like a grocery store), whereas a startup builds a novel product or business model designed to scale rapidly across a massive market.

Q4. Have you heard of E-Cell? What do you think the 'E' in E-Cell stands for?

Highlights of Funny/Unfiltered Fresher Answers: *"Exam Cell?", "Energy Cell?", "Entertainment Cell?", "Emergency Cell for backlogs!"*
Formal Answer Provided in Video: The 'E' in E-Cell stands for Entrepreneurship. An Entrepreneurship Cell (E-Cell) is a student-run organization in a college dedicated to fostering innovation, startup culture, leadership, and entrepreneurial thinking among students.

Q5. What does CUAP E-Cell actually do on our campus?

Highlights of Funny/Unfiltered Fresher Answers: *"Conducts business quizzes?", "Brings CEOs in suits to give lectures?", "Helps us get attendance for events!"*
Formal Answer Provided in Video: Guided by our motto 'Ideas to Impact. Skills to Success,' CUAP E-Cell is the student startup launchpad of Central University of Andhra Pradesh. We conduct ideation storms, startup quizzes, founder talks, mentorship bootcamps, and our three-phase flagship program 'Launchpad'—taking students from their first idea to pitching a real venture.

Q6. Do you need a commerce/business background or lots of money to join E-Cell or start a startup?

Highlights of Funny/Unfiltered Fresher Answers: *"Yes, you need lakhs of rupees and a B.Com/MBA degree", "Only coding geniuses can build startups."*
Formal Answer Provided in Video: No! You do not need a business background or capital to start up in college or join CUAP E-Cell. Successful startups require diverse skills—arts, science, humanities, coding, design, communication, and operations. CUAP E-Cell welcomes first-year students from every department with zero prior experience.

Q7. What do words like 'Unicorn', 'Bootstrapping', and 'Pitch Deck' mean?

Highlights of Funny/Unfiltered Fresher Answers: *"Unicorn is a magical horse with a horn", "Bootstrapping means tying your shoelaces tightly", "Pitch Deck is a cricket pitch report!"*
Formal Answer Provided in Video: In the startup world: a 'Unicorn' is a privately held startup valued at over $1 Billion; 'Bootstrapping' means building and growing a startup using personal savings and initial revenue without external investor funding; and a 'Pitch Deck' is a concise presentation founders use to explain their startup idea to investors.

Q8. What is the National Entrepreneurship Challenge (NEC) by E-Cell, IIT Bombay?

Highlights of Funny/Unfiltered Fresher Answers: *"An IIT entrance exam for startups?", "A national business olympiad!"*
Formal Answer Provided in Video: The National Entrepreneurship Challenge (NEC) is a prestigious pan-India competition organized by E-Cell, IIT Bombay under the motto 'We Rise By Lifting Others.' It mentors and empowers colleges across India to establish and scale high-impact Entrepreneurship Cells on their campuses.

Q9. If you don't have a startup idea right now, how does joining CUAP E-Cell help you?

Highlights of Funny/Unfiltered Fresher Answers: *"For cool certificates and fest t-shirts!", "To make friends from other departments."*
Formal Answer Provided in Video: Even if you don't have a startup idea yet, CUAP E-Cell builds real-world skills no classroom teaches: public speaking, team leadership, event management, sponsorship pitching, graphic design, marketing, and networking with founders and mentors—turning freshers into confident campus leaders.

Q10. If you were given ₹10,000 today to solve one everyday problem at CUAP, what would you build?

Highlights of Funny/Unfiltered Fresher Answers: *"Midnight maggi delivery drone for hostels", "Auto-notes writer for 8 AM classes", "Shared umbrella & bicycle rental app on campus."*
Formal Answer Provided in Video: Every great startup begins by noticing an everyday problem around you! At CUAP E-Cell, we help you take these exact campus observations, validate them with peers on our Idea Wall, form a team, and pitch them at Launchpad.

4. Video Structure & Time Split (10–15 Minutes)

To keep viewers hooked across the 10 to 15 minute runtime while covering all questions and formal explanations, the video is structured into five tight segments:

Timestamp	Segment	Content Covered
00:00 – 01:15	Hook & Intro Montage	High-energy montage of the funniest fresher bloopers, anchor welcome, and introduction to CUAP E-Cell & NEC 2026.
01:15 – 05:30	Part 1: What is Entrepreneurship?	Vox-pop interviews for Q1, Q2, Q3 & Q7 (Entrepreneurship, Role Models, Startup vs. Business, Startup Lingo) + Formal Answer cards.
05:30 – 09:45	Part 2: Decoding CUAP E-Cell & NEC	Vox-pop interviews for Q4, Q5, Q6, Q8 & Q9 (What 'E' stands for, CUAP E-Cell vision, NEC IIT Bombay, Why join E-Cell) + Formal Answer cards.
09:45 – 11:30	Part 3: The ₹10,000 Campus Startup Pitch	Rapid-fire responses to Q10 where freshers pitch quirky solutions to campus problems, followed by formal wrap-up.
11:30 – 12:30	Meet the Team & Call to Action	Glimpses of CUAP E-Cell activities, invitation to Launchpad ('Freshers to Founders'), Instagram handle plug, and sign-off.
