Interacting Within

NEC meeting work report

Complete the bracketed fields after the meeting. Replace prompts with actual meeting details and remove this instruction before submission.

1 College Details

NEC ID: NEC2644385
College Name: Central University of Andhra Pradesh
Team Name: 1%

2 Meeting Details

Date: 1-10-26
Time and duration: 50 mins
Online platform: google meet
Meeting coordinated by: sumant

Purpose: To exchange NEC experiences, discuss challenges, learn from fellow teams and identify improvements through mutual feedback.

3 Participating Teams and Members

Include our team and the four fellow NEC teams in the same online meeting. Enter at least three attending members from each team. Add further names as needed.

Team	College and NEC ID	Members present
1%	Central University of Andhra Pradesh NEC2644385	* Sumant Prashant G * Avilash CJ * Ragipindi Jayanth Reddy * N Vamshi Krishna * S Nagatilak Datta *N Shiva lingam * M Nandu Prasad * Sanjay Kumar S * Aditya R

Aryabytes	Galgotias College of Engineering and Technology NEC2697204	1.Krish Gupta 2.Aparna Singh 3.Manshi Sharma 4.Aditya Pandey 5.Devesh Raj Tripathi

Points Discussed in the Meeting

Interaction with Fellow NEC E-Cell Teams

As part of the NEC interaction session, members from four different NEC E-Cell teams came together for an open and constructive discussion. The session provided an opportunity for us to share our experiences so far, understand the challenges faced by other teams, and learn from their approaches.

We discussed the problems and challenges we had encountered while working on NEC activities, including maintaining team motivation, coordinating members, dividing responsibilities, managing time, and executing planned tasks effectively. Each team shared how they addressed these challenges and the strategies they used to keep their members engaged and ensure that tasks were completed.

We also discussed how each team planned and executed its events, including the process of identifying ideas, allocating responsibilities, approaching speakers and partners, promoting events, managing participants, and handling unexpected issues during execution. Sharing these experiences helped us understand different approaches to event planning and gave us ideas that could be applied to our own activities.

Another important part of the discussion was sharing what we had accomplished so far and what we planned to do in the coming months. Teams discussed their completed initiatives, upcoming events, outreach plans, collaborations, and ways of increasing student participation and engagement.

The teams also exchanged feedback with one another. We discussed the strengths we appreciated in each team, such as creativity, event execution, teamwork, communication, outreach, and initiative-taking. At the same time, we identified areas where teams could improve, such as better planning, delegation of responsibilities, consistency in execution, documentation, and increasing participation.

Overall, the interaction was a valuable peer-learning experience. Instead of simply discussing achievements, the teams openly shared their difficulties, solutions, failures, and learnings. It helped us gain new perspectives, understand how other NEC E-Cells operate, and identify practical ways to improve our own team's planning, execution, teamwork, and future NEC activities.
